

What is claimed is:

1. A disposable child sized cleaning implement comprising:
 - (a) a personal care composition, wherein said personal care composition comprises a biological extract, said biological extract comprises:
 - (i) a botanical extract;
 - (ii) a sterol;
 - (iii) an animal extract; and
 - (iv) combinations of (i), (ii) and (iii);wherein said disposable child sized cleaning implement is releasably carrying said personal care composition; and
 - (b) child graphic disposed on said disposable cleaning implement
2. A disposable child sized cleaning implement according to Claim 1 wherein said disposable child sized cleaning implement comprises a nonwoven sheet member.
3. A disposable child sized cleaning implement according to Claim 1 wherein said nonwoven member is a laminate.
4. A disposable child sized cleaning implement according to Claim 1 wherein said child graphic is in the form of photographs, drawings, cartoons, symbols and combinations thereof.
5. A disposable child sized cleaning implement according to Claim 1 wherein said child graphic comprises a character graphic.
6. A disposable child sized cleaning implement according to Claim 1 wherein said child graphics are registered graphics.
7. A disposable child sized cleaning implement according to Claim 1, wherein said botanical extract comprises compositions extracted from one or more of brazil nuts, avocado, carrot, and sesame seeds.
8. A disposable child sized cleaning implement according to Claim 1, wherein said sterol is selected from the group consisting of soy sterol, avocado sterols, cholesterol, sitosterol,

stigmasterol, ergosterol, lanasterol, cholesterol esters, sterol esters, avocadin, lanolin, and combinations thereof.

9. A disposable child sized cleaning implement according to Claim 1, wherein said animal extract is selected from the group consisting of milk protein, milk protein hydrolysate, silk protein and combinations thereof.

10. A disposable child sized cleaning implement according to Claim 1, wherein said personal care composition comprises at least one of a natural fat or oil, a fatty acid, and a fatty alcohol.

11. An article of commerce comprising a container, said container housing one or more of said disposable child sized cleaning implement of Claim 1.

12. A disposable nonwoven mitt adapted to fit on a child's hand said mitt comprising:
(a) a personal care composition, wherein said personal care composition comprises a biological extract, said biological extract comprises:

(i) a botanical extract;

(ii) a sterol;

(iii) an animal extract; and

(iv) combinations of (i), (ii) and (iii);

wherein said disposable nonwoven mitt is releasably carrying said personal care composition; and

(b) child graphic disposed on said disposable nonwoven mitt;

13. A disposable nonwoven mitt according to Claim 12 wherein said child graphic is in the form of photographs, drawings, cartoons, symbols and combinations thereof.

14. A disposable nonwoven mitt according to Claim 12 wherein said child graphic comprises a character graphic.

15. A disposable nonwoven mitt according to Claim 12 wherein said child graphics are registered graphics.

16. A disposable nonwoven mitt according to Claim 12, wherein said botanical extract comprises compositions extracted from one or more of brazil nuts, avocado, carrot, and sesame seeds.
17. A disposable nonwoven mitt according to Claim 12, wherein said sterol is selected from the group consisting of soy sterol, avocado sterols, cholesterol, sitosterol, stigmasterol, ergosterol, lanasterol, cholesterol esters, sterol esters, avocadin, lanolin, and combinations thereof.
18. A disposable nonwoven mitt according to Claim 12, wherein said animal extract is selected from the group consisting of milk protein, milk protein hydrolysate, silk protein and combinations thereof.
19. A disposable nonwoven mitt according to Claim 12, wherein said personal care composition comprises at least one of a natural fat or oil, a fatty acid, and a fatty alcohol.
20. An article of commerce comprising a container, said container housing one or more of said disposable nonwoven mitt of Claim 12.
21. A disposable nonwoven mitt adapted to fit on a child's hand, said mitt comprising:
 - (a) first and second nonwoven sheet members in an overlying relationship, said members defining an interior volume for receiving said child's hand, each of said first and second nonwoven sheet members including an exterior surface, having an opposing interior surface, a top edge, a bottom edge opposing said top edge, and first and second opposed side edges, said first and second nonwoven sheet members being permanently secured to each other along the periphery of said top edge and both of said first and second opposed side edges, with said bottom edges being unsecured so as to provide a substantial access opening to said interior volume for readily inserting said child's hand therein;
 - (b) a personal care composition, wherein said personal care composition comprises a biological extract, said biological extract comprises:
 - (i) a botanical extract;
 - (ii) a sterol;
 - (iii) an animal extract; and
 - (iv) combinations of (i), (ii) and (iii);

wherein at least one of said first and second sheet members is releasably carrying said personal care composition; and

(c) child graphic disposed on at least one of said first and second sheet members.

22. A disposable nonwoven mitt according to Claim 21 wherein said child graphic is in the form of photographs, drawings, cartoons, symbols and combinations thereof.

23. A disposable nonwoven mitt according to Claim 21 wherein said child graphic comprises a character graphic.

24. A disposable nonwoven mitt according to Claim 21 wherein said child graphics are registered graphics.

25. A disposable nonwoven mitt according to Claim 21, wherein said botanical extract comprises compositions extracted from one or more of brazil nuts, avocado, carrot, and sesame seeds.

26. A disposable nonwoven mitt according to Claim 21, wherein said sterol is selected from the group consisting of soy sterol, avocado sterols, cholesterol, sitosterol, stigmasterol, ergosterol, lanasterol, cholesterol esters, sterol esters, avocadin, lanolin, and combinations thereof.

27. A disposable nonwoven mitt according to Claim 21, wherein said animal extract is selected from the group consisting of milk protein, milk protein hydrolysate, silk protein and combinations thereof.

28. A disposable nonwoven mitt according to Claim 21, wherein said personal care composition comprises at least one of a natural fat or oil, a fatty acid, and a fatty alcohol.

29. An article of commerce comprising a container, said container housing one or more of said disposable nonwoven mitt of Claim 21.
